

# EZ Series® Plugger Post Control Panel

Easy to install control panel provides convenient wiring connection for use with one single phase pump in effluent and sewage installations.

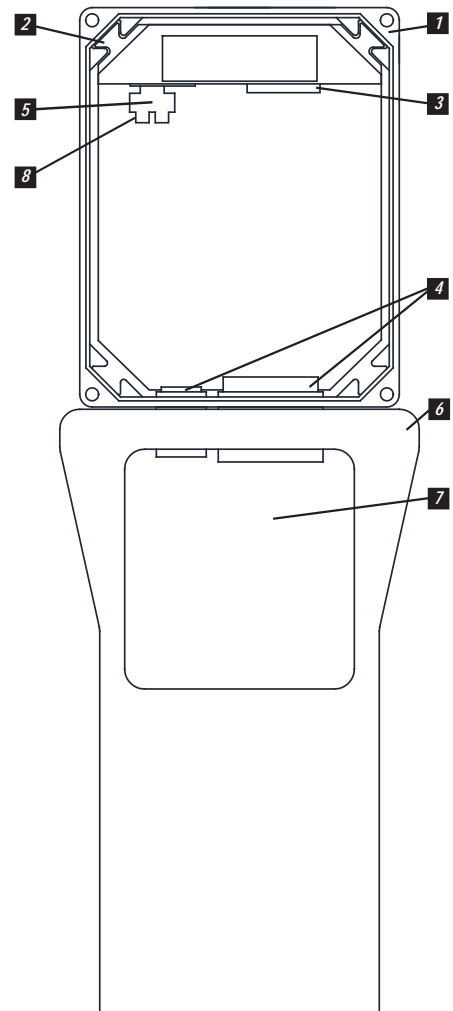

The EZ Series® Plugger Post control panels feature a sleek easy to install panel and mounting post. The panel incorporates a receptacle to accept 120 VAC or 240 VAC pump and piggy-back pump switch.

The post includes an access door and simplex installation kit which allow piggy-back and pump plugs to be easily routed and sealed into the panel. The post can be mounted in the ground directly, over a 4X4, or over conduit.

## PANEL COMPONENTS

1. **Enclosure** measures 10 x 8 x 6 inch (25.40 x 20.30 x 15.2 cm) with removable mounting feet, NEMA 4X rated, ultraviolet stabilized thermoplastic for indoor and outdoor use.
2. **Removable Plate** for easy wiring/installation.
3. **Receptacle** for use with piggy-back pump switch.
4. **Simplex Installation Kit:**
  - 2" **Hub Assembly and Cord Seal** for pump switch, pump, and alarm float.
  - 3/4" **Hub Assembly** for incoming power for pump and alarm wiring (must be sealed to prevent gases and moisture from entering enclosure).
5. **Incoming Power and Indoor Remote Alarm Terminal Block**
6. **Mounting Post.**
7. **Access Door.**
8. **Ground Lug**
9. **Riser Mounting Kit (not shown):**
  - 2" **Hub Assemblies (2)**
  - 2" x 6" **PVC pipe and connecting hardware**
  - **Conduit for routing pump and float from tank riser to post**

**NOTE:** Schematic/Wiring Diagram is located inside the panel.

## FEATURES

- 34" mounting post with Simplex Installation Kit
- Entire control system (panel and switches) is UL Listed to meet and/or exceed industry safety standards
- Dual safety certification for the United States and Canada
- Standard package includes alarm float switch
- Complete with step-by-step installation instructions
- Tank Alert® AB Indoor Remote Alarm
- Five-year limited warranty

## OPTIONAL FEATURES

- Elapsed Time Meter (See specific part numbers on reverse page)
